MS. NUNWEILER'S MESSAGE

Welcome to Autumn! This time of year shows us that change can be wonderful as we watch the trees turn beautiful colours and that we need to be thankful for the blessings we all share.

October 5th marks World Teacher's Day. This month for my message I would like to highlight the amazing teachers that we have at Ralston School.

Our Junior Kindergarten and Kindergarten teachers (also known as our MOD teachers); Mrs. Stanton and Mrs. Collins provide a wealth of knowledge as they are both very experienced Early Years teachers. Their experience allows them to support our littlest students with everything from learning routines, to how to count and how to read. We are lucky to have them as part of our team.

Our Grade 1 teacher, Mrs. Rose has been a teacher for 15 years mostly in Grade 1. She also is our Inclusive Lead Teacher and supports students with additional needs throughout our school. She is an amazing advocate for all students.

The Grade 2 and 3 teachers; Miss Hardiker and Mrs. Bergquist are dedicated, passionate teachers who went into teaching because they wanted to make a difference for kids. They go the extra mile to make sure that the students are engaged and happy at school. We love their smiles!

Mrs. Dixon, our Grade 4 & 5 teacher is a relatively new teacher but you would never know it. Her drive and ambition to do what's best for students every day allows all of her students to find success at school and shine brightly.

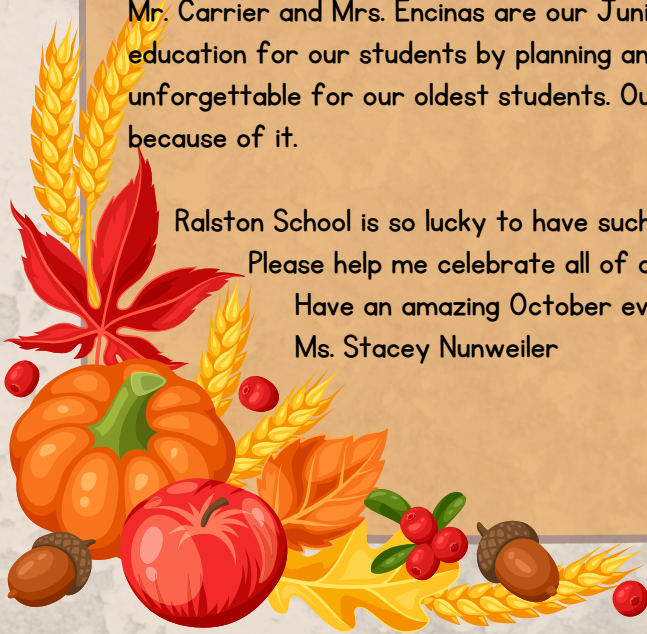

Mr. Carrier and Mrs. Encinas are our Junior High teachers and pride themselves on providing a high-quality education for our students by planning and implementing experience-based learning opportunities that are unforgettable for our oldest students. Our students participate in their own learning journey and thrive because of it.

Ralston School is so lucky to have such dedicated teachers who truly put students first.

Please help me celebrate all of our Ralston School teachers this month..

Have an amazing October everyone!

Ms. Stacey Nunweiler
